

IDEAL

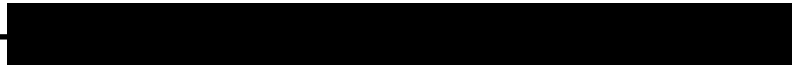

LEAST IDEAL

It's the year 3000. All humans have left Earth and live in massive habitats above our planet. Earth is a national park. Each habitat has a range of options. What amenities are most important to you? Please write the letter of each selection in the boxes in order for your ideal and anti ideal formulation.

Pick **ONE** in each row

LAKE. *tranquil blue beauty as far as the eye can see...stocked with fish...boats and recreational water sports...purest water...*

FOREST. *towering redwoods, firs, ash, and aspens...meandering trails...autumn colors...the sounds of birds*

AQUARIUM. *jellyfish, sharks, penguins...schools of fish dart by...*

ZOO. *creatures big and small...roaming on a wide plain...*

BOTANICAL GARDEN. *wildflowers and the buzzing of bees...all the colors*

GAMES. *every board game and virtual simulation...an escape and time to come together...*

MOVIE THEATER. *every movie, as large as can be, a time to unwind...*

OLYMPIC FIELD. *a grassy park, people running by, athletic contests, smiles on faces...*

EXCURSION. *once a year...a small ship carries you out, around the place you once called home...*

Pick **TWO** in these rows

CREATE. *the Earth's finest art, from the first cave paintings to the present, materials and space for you to create, too...*

SYMPHONY. *the world's greatest musician performing nightly...*

THEATER. *the world's dramatic and comedic talent performing nightly...*

PALE BLUE DOT. *a museum of where we've been, what we created, what we destroyed, and how we got*

KITCHEN. *the world's most talented chefs cooking dinner nightly...*

WEATHER. *the wind, the rain, the blooming clouds, snow, the weather you miss...*
